

REGIONÁLNÍ ROZDÍLY A PODNIKÁNÍ FYZICKÝCH OSOB REGIONAL DISPARITIES AND ENTREPRENEURSHIP OF NATURAL PERSONS

I. Faltová Leitmanová, V. Krutina

Abstract

From macroeconomics perspective entrepreneurship of natural persons can be not infrequently perceived as a marginal matter. Close-up view however shows that on the lower economical level the analysis of the physical persons entrepreneurial activities can contribute to explanation of regional disparities. The mentioned relation was examined on the basis of chosen socioeconomic characteristics of entrepreneurs - natural persons. Contribution is part of the project NAZV QI92A023.

Key words: Regional Disparities, Municipalities, Districts, Counties, Entrepreneurship of Natural persons.

Abstrakt

Z makroekonomického hlediska může být podnikání fyzických osob neřídka vnímáno jako okrajová záležitost. Detailnější pohled však ukazuje, že na nižší než národohospodářské úrovni může analýza podnikatelské aktivity fyzických osob přispět k vysvětlení regionálních rozdílů. Uvedený vztah byl zkoumán na základě vybraných socioekonomických charakteristik podnikatelů – fyzických osob. Příspěvek je součástí řešení projektu NAZV QI92A023.

Klíčová slova: regionální rozdíly, obce, okresy, kraje, podnikání fyzických osob.
